## SEMI-ANNUAL MEETING OF STUDENTS' SOC.

Large Turn-Out In Union Yesterday.

### LIVELY DISCUSSION.

Club's New Officials Announced—Leahey New Pres., Speaks.

The annual meeting of the Students' Society was called to order by the Chairman, W. C. Nicholson, yesterday, at 10.30 a.m.

#### REPORTS

It was announced that Coach Shaughnessy would be back next season. President Nicholson here fittingly made a few remarks about the hockey team. He sympathized with their final defeat, but lingered with praise on their splendid showing throughout the season.

The Union breaks even this year. Last year there had been a deficit, but this year, owing to the splendid management of President Gilhooly, Capt. Lalanne, and Price's Cafeteria, the Union ended with a record of no debts. Thanks were rendered to those who were directly responsible for the successful issue, Capt. Lalanne was especially praised for his untiring effort.

#### DISCUSSIONS

Kavanagh moved that the "seven-eighths" attendance rule be abolished for the Senior year. O'Brien questioned the advisability of the abolition as applicable to the Arts Faculty; he felt sure that it would not be accepted in the Faculty of Applied Science. The motion was carried and the meeting went on record that the said rule

## ARTS '22 DISPLAY SUPERIOR CLASS

Arts Team Carries Off Honors Against Science.

Arts '22 is to the fore again. They now hold the proud title of Hockey Champions, as a result of the victory over Science '22 at the final game at the Mount Royal Arena on Tuesday afternoon.

The hatch was extremely close, the score of 2 to 1 only being made after fifteen minutes' overtime. Closely contested as it was, it proved, notwithstanding the condition of the ice, an interesting, even a spectacular, game.

In fact perhaps in no inter-class match this year has such an exhibition of hockey been given, and certainly at none has such a spirit of friendly rivalry, both as between the teams and the spectators, been shown. It was an exhibition of class hockey at its best.

The gong sounded shortly after 5.30. In the first twenty minute period neither team scored, although many shots were made at both nets. In the second, Badger, of the Arts' team, scored the first point after several minutes of play, but before long it was evened by Eager, of Science. The game then became fast and furious, but before many minutes it was cut short by the gong for time.

It was agreed to play five minutes overtime, the first to score to win; but no one scored. Another five minutes was agreed upon, with the same result. At this stage some were for, some against, another period, but good sportsmanship and a pass round for the rink employees prevailed, and another five minutes was agreed on. This was the most exciting period of the game and considering that there had now been 30 minutes of play without rest, surprisingly fast. Although the Science men had the edge on the Arts men in the last periods, Harris, by clever stickhandling and a clever shot managed to net the decisive goal. He was carried off the rink by the team supporters and cheered to the echo by all.

The closeness of the game showed the even match between the two teams and the goaling of MacDougall for Arts and Parker for Science had a great deal to do with keeping the game so even throughout.

The line up was as follows:

Arts '22 (2)	Science '22 (1)
MacDougall	Goal
Moore	Defence
McLean	Forward
Hall	"
Harris	"
McDougall	Subs
Copland	Quinlan
	Gnaedinger
	Ramsay

## TEA DANCE.

The Y.W.C.A. are holding a The Dansant on Saturday afternoon. There will be dancing in the Convocation Hall. Miss Cleary, the well-known pianist, will furnish the music. Tickets 50 cents.

## ALMA MATER DANCE WILL BE SUCCESS

Hume's Orchestra Will Render Music

### TO-MORROW EVENING.

Will Be Final Social Event Of the Year.

The extensive preparations of the Students' Council for the Alma Mater Dance, which is to be held to-morrow, are fast nearing a close. That the affair will be a success is an assured fact—it will undoubtedly eclipse all previous social functions, if we are to judge from present indications.

The patrons and the patronesses of the evening will be: Dean and Mrs. Birkett, Dean and Mrs. Adams, Dean and Mrs. Moyle, Dean and Mrs. Lee, Miss Hurlbatt, Prof. and Mrs. Browne, Col. and Mrs. Forbes.

The Committee in charge has taken particular trouble to see that the decorations would be all that could be desired. And as a result, we are told, the decorative scheme will vie even with the variegated costumes of the ladies, in point of beauty. Nor has the matter of music been neglected: Hume's Orchestra will see to it that this part of the programme is carried on to the satisfaction of all.

The Alma Mater dance is a custom at McGill "far brought from out the storied past." For many years it has been usual to conclude the season's social activities with a dance such as that of to-morrow evening. Undoubtedly it will prove, as it has in past sessions, a fitting conclusion to the preceding happenings of that nature.

Tickets are still on sale at the Union: Undergraduates, \$5.00; Graduates, .60.

## MCDONALD STAFF BASEBALL CHAMPS.

McGill Reds Come Second In Indoor Baseball.

The City Indoor Baseball League wound up the season last night, when the final game between the McGill Reds and the Macdonald Staff was played. This game, which had no bearing on the championship of the league, was won by the Mac staff, who head the league with the remarkable record of ten wins and no losses.

The final league standing is as follows:—

	Played	Won	Lost
Macdonald Staff	10	10	0
McGill Reds	10	7	3
Macdonald A.A.	8	4	4
M.A.A.A.	9	3	6
R.C.R.	9	2	7
McGill Whites	10	2	8

A meeting of the City and District Indoor Baseball League was held recently, and among the business discussed was the decision of purchasing a cup this year to be presented to the Macdonald Staff, and it will be given each year to the leaders of the league.

After reflecting on the work of the year, due credit must be given to the Macdonald Staff for leading the league. Credit also must be given the McGill Reds for coming second to such an aggregation as the Macdonald team, which has been playing together for a number of years. On the other hand the McGill team has been just inaugurated this year, and they have been playing an up-hill game all season, owing to the fact that they had no home floor, but had to play all their games in the High School Gym., where no spectators were allowed to attend, thus preventing the team from getting any support from the rooters and fans. In spite of these obstacles the Reds have succeeded in coping second place.

The Whites were rather unfortunate in the set-back they received at the start of the season, when Wilson, the pitcher, sustained a fractured arm, and was unable to continue for the whole year. Great expectations are anticipated next year from the McGill team, when it is hoped that they will have a floor of their own. The men

## ORCHESTRAL MUSIC WAS WELL GIVEN

Very Successful Concert Last Sunday.

### MUCH TALENT.

First Appearance Of College Orchestra in Four Years.

In a successful concert given before a large and enthusiastic audience last Sunday the Students' Orchestra brought the season's musical activities to a close. This was the first appearance of the Orchestra after a lapse of four years, and an examination of the programme shows that its re-establishment in college life is fully justified; while the quality of the performance is evidence that the high standard of the palmy days is not beyond the reach of the enthusiasts of these times of reconstruction.

The programme, which was comprehensive—not to say Catholic—included numbers by composers so wide apart as Haydn and Tchaikowsky, Suppe and the notorious Mr. Norton, of "Chu Chin Chow" celebrity. The stately measure and broad harmonies of the minuet from Haydn's Military Symphony, and the verve and "camaraderie" of Suppe's "Jolly Fellows" Overture, were rendered by the Orchestra in a manner worthy of high commendation. Ganne's "Mazurka Japonaise" was played well enough to elicit a demand for more from the responsive audience. But the true test of the musicians' capabilities came in the two "morceaux lyriques" of Tchaikowsky, and it says much both for the artistic sense of M. Gagner and for the industry of the orchestra that

## FEATURE BASKET BALL GAME SAT'Y

McGill Seniors To Play An All-Star M.A.A.A. Aggregation.

A treat is in store for basketball fans, when on Saturday evening of this week, our Senior representative team will meet the M.A.A.A. All-Star aggregation on the Central Y.M.C.A. Gymnasium. Our opponents have gathered together the stars of the teams which last season represented Shamrocks, North Branch and Central Y.M.C.A.'s, in the persons of Ed. Groneau, Dave Drysdale and Beecher. These three with Dick Saunders and Brophy will take some trimming, but with good officials the McGill team ought to come out on top. Louie Kern, Pringle Seath and McPhail will be on hand as the defence part of the college team. Roy Foss and C. Hay will look after centre, while Bib Laishley, Manley Bourke, "Bones" Little and Ed. Crain will be used as forwards. The Junior team will meet the fast North Branch team as a preliminary, and fast snappy playing will no doubt characterize this game.

Both the M.A.A.A. and North Branch teams will bring down a large number of supporters and it is up to McGill to do the same. There is great rivalry between the two Senior teams and a large and enthusiastic representation is expected from McGill. The Junior game will commence at 8 p.m. and followed at 9 by the Senior. The following players are requested to turn out for practice to-night and for the game on Saturday evening:

Senior—Kern, Seath, McPhail, R. Foss, Hay, Laishley, Crain, Bourke and Little.

Intermediate B — Practice to-night only.

Junior—Mendelsohn and Schwartzman are requested to turn out with the regulars.

The officials for Saturday's game are: T. H. Millar and Hay Finlay.

of the Red team displayed great form, and although playing often with a line-up of often six or seven men, because of illness, their record merits and reflects great credit on the men who made up the team.

At the beginning of the year the Indoor Baseball Club received a grant of Eighty Dollars from the Athletic Association, and now shows a surplus of Thirty Dollars, and reflects credit on the management from an economic standpoint.

The line-up of the McGill Reds is as follows:—

Anglin, c.; Wilson and Cockshutt, p.; Crankshaw, 1st; Wallace, 2nd; McGillis, ss.; Sigler, 3rd; Zinck, rf; Jones, cf.; Hibbard, lf.

## RETROSPECTION

With to-day's issue of the "Daily" we close up our desks, wipe our pens and turn to our books; but we could ill afford to do this without first having cast a glance over the events of the year, which is now drawing to a finish and which, from the standpoint of activities, has already come to a close.

McGill opened its doors last autumn to a larger number of students than ever before, a number which it had hardly expected and with which it was almost unable to cope. The class rooms were filled to overflowing and the campus was crowded. Conditions soon became settled however, and the minds of all the students and many of the teaching staff turned to the coming Intercollegiate combats.

The manner in which McGill acquitted herself is still green in the memory of most, and the pride which the students took in their representatives never abated from the opening whistle of the first game to the closing minutes of the final encounter.

The first Intercollegiate meet to be staged for many years was that in Tennis. Many remember how the McGill team travelled to Kingston and thence back to Montreal where the games were played.

In Rugby, the greatest of Intercollegiate sports, the Red and White team, coached by a peer of the game, and composed of sterling players who made the most of their scientific training won the championship and the unique honor of never having allowed an opponent to score a try against them. The intermediate team was less fortunate and lost the play-off, which took place in Toronto, for the championship.

The achievements of the Track team, another major aggregation, were also very noteworthy. McGill decisively defeated her opponents and while she broke no records she had little difficulty in winning the title against Toronto and Queens. The Harriers soon afterwards, in particularly bad weather, won their meet securing the third laurel of the year.

In Aquatic sports McGill has made a brilliant showing. The Swimming Meet was staged in the Central Y.M.C.A. of this city and resulted in a win for Toronto. McGill were leading by the score of 32 to 31 when the relay race was run off, but this turned the tables by adding five points to the credit of the Blue and White.

In the home and home games in Water Polo McGill proved her superiority beyond a doubt and secured the long end of a fourteen to one score, the championship and the Hershorn Cup which was donated this year.

Few are unfamiliar with the history of the Hockey and Basketball series. In both McGill started the season by winning three games. In both again they were defeated in Toronto by a margin of one point, and unluckily the two championships were lost in Ottawa.

The Boxing, Wrestling and Fencing team which represented McGill at Kingston was unfortunate enough to take third place, but their exhibitions have been satisfactory to the students who realize that they worked hard and well to do their best for the University.

Within a few short months we will have returned here, we will once more be called upon to show our interest in activities, athletic and otherwise. It is to be hoped that great interest will be then taken, that McGill will have a record of which she might be as proud as that of this year and that success will attend all her endeavors.

## "DAILY'S" FINANCIAL REPORT

With the final issue of the "Daily" for the session of 1919-20, one of the most successful financial seasons in its history will be closed.

Although no official report has as yet been made, it is estimated that the "Daily" will have a surplus of about fifteen hundred dollars. This compares very favorably with that of last year, being in fact more than double the six hundred odd dollars reported for the 1918-19 session.

This flourishing condition of the finances of the "Daily" is all the more credible when it is realized that there was a considerable expenditure on office equipment and improvement at the beginning of the season.

## SUNSET SONS SWAN KING COOK TO BE SONG SANG SOON CROWNED IN UNION

Western Club To Wind Up Season's Activities On Wednesday Next.

Out in the West, the poet would have it, the smiles are a little bit stronger, the days a little bit longer, and so on through almost a realm of deathless verse. Out in the West, too, as we can vouch from personal experience, the appetites are fully as hearty as those of the so-called effete East. If not somewhat more so. This being the case it was not surprising that the Western Club was the first organization to combine business with pleasure or business with nourishment for the corporeal man in the form of supper and business meeting at the Union. So successful was the plan that it was afterwards adopted by several other societies and found to be eminently suitable to the needs of those clubs whose memberships are drawn from all sections of the University and are correspondingly hard to get together without wasting an evening. By means of this scheme supper can be had, business transacted, and ample time left for study or other pursuits as the undergraduate employs to while away the golden hours. All of which is merely preliminary to saying that another such affair is to be held by the Westerners on Wednesday evening next, March 24th, at 6.30 p.m.

In addition to the gastronomical part of the affair some excellent music will be furnished during the evening. The report of the retiring executive will be presented and the officers for the coming year will be chosen, so it behooves

Meds. Diligently Preparing For Annual Celebration.

The coronation of King Cook, an event annually arranged for the amusement of the Medical Faculty, and for the edification of the rest of the University, will take place on Tuesday, March 23rd, at 8 p.m. in the Union.

Rehearsals have been going on for the last two weeks to develop the latest talent of the Meds., and the results have been very encouraging. Undoubtedly such as M. E. Dinker, A. Wilkie, F. Shaver, M. Boucher, M. Ackman, R. Anglin and many others, will be given ample opportunity to display their humorous qualities.

Anyone visiting the Union on Tuesday evening will be assured of a good evening's entertainment, which though differing from the Senior Play in some respects, will nevertheless bring rounds of hearty applause.

every member to be present. Kindly obtain your ticket from one of the members of the executive as soon as possible in order that they may be able to make adequate reservations for all those who purpose attending. With the influx of men from the western provinces which is looked for next Fall it will be essential that the Club be on a firm basis to commence the season, and for this reason, if no other, it is the duty of the present members to exercise their best judgment in the selection of the executive for 1920-21. Make your selections in person. Be there, and be there on time.

## FINAL EVENT IN SOCIAL ACTIVITIES

Dinner Marks Conclusion Of Social Events In Faculty Of Arts.

### ANNUAL FUNCTION.

Will Be Held In the Union Next Wednesday.

Social events in the Faculty of Arts come to a climax and a conclusion next Wednesday evening, when the annual Undergrad. Dinner takes place. This function, probably the oldest of its kind in the history of the college, is annually the outstanding evening for all Arts men—it is the "night out" for every prospective B.A., and as such, it is always contemplated with much expectation by those who are privileged to attend. True applied college spirit, besides a considerable difference in comparative costs, have led the undergraduate body to spurn the wonted hostilities that have in the past been the scenes of the various dinners and determine to partake of the festive board in the Union, McGill's own banqueting establishment.

If whippers of roast turkey, mince pie and a goodly portion of fitting "trimmings" for such a repast seem to appeal to you, if genuine good-fellowship and a musical programme added to round out the evening, constitute your idea of an enjoyable dinner, and if you are an Arts' man in good standing, then be one of the privileged hundred men for whom tickets are being printed, and have your highest hopes realized in full next Wednesday. The guests of the evening will be Dean Moyse, Dr. Walter, and Dr. Caldwell; all three are so well-known and so highly qualified for such an occasion, that their presence will be sure to add to the success of the evening.

Tickets will be sold by Art. Stagg, one hundred only, as the accommodation is limited, at the price of two dollars each.

## SENIORS DEFEAT M.A.A.A. BLUES

Now Tied For First Place With Winged Wheel Reds.

Last Saturday at the M.A.A.A. symposium the McGill senior squad defeated the M.A.A.A. Blue team, to the tune of 35-16. Although the Red and White more than doubled their opponents, the game was much closer than the score indicates. Should the McGill team have lost this game, their chance for the City Championship would have been lost, and with this in mind they set the pace right from the start. As a result of this game the McGill and M.A.A.A. Red teams are tied for the league honors, and the deciding game will be played in the next week or so. The line-up was as follows:

McGill	M.A.A.A. Blues
Lalshley.....Forward.....	Johnson
Bourke.....Forward.....	Knowles
Hay.....Centre.....	Cameron
Leavitt.....Defence.....	Leonard
McPhail.....Defence.....	Park
Foss.....Spare.....	Seath

## COMMERCIALS HELD BANQUET

Many Enjoy Final Event Of the Season Of the Commercial Society.

Last evening the Commercial Society held its final meeting of the season. At 8.30 the members and guests of the evening assembled in the lobby of the Union, and as the strains of music, which was very ably supplied by Messrs. T. B. Patterson, D. McLaren and H. Elliot, all went in to dinner.

The programme for the evening was: A comical selection by Mr. W. Werry; a very humorous piece of poetry, especially written by Mr. I. Blackman; was then read by Mr. J. Shapiro; a humorous song was sung by Mr. McMan; then a piano selection was given by Mr. Blackman. The toasts were:

The King	Mr. Bland	Mr. Dale Harris
Mr. Levitt	Canada	Alma Mater
Mr. O'Meara	Dr. Harkness	Commercial Society
Mr. McCullough	Mr. Sugars	Our Professors
Mr. McKinnon	Mr. Brimacombe	The Ladies
Mr. Phillips	Miss Dougall	Our First Graduating Year
Dr. Villard	Mr. Badien	

South African Election. London, March 17.—Advices from Cape Town giving the latest available returns of the elections of March 10 for the South African House of Assembly say that the Unionists won 19 seats, the South African party 21, the Nationalists 21, the Laborites 21 and the Independents 2.

## CONFERENCE WILL BE AT COBOURG

Opportunity For McGill Men To Meet Outsiders.

Students of these colleges who have gone on pilgrimage to Worthfield, in the earlier days, and to Kingston in more recent times for a week at the Students' Summer Conference, have always come back with good reports and happy memories of these places, and of their experiences there.

"Cobourg" is the word this year. The date is May 21st-25th. The local expenses, due to a pool with Toronto and Queens, and a fund that happens to be laid aside for the purpose, will be less than the actual cost of registration, room and board, somewhere in the neighborhood of \$15.00 for the eight days.

This is an opportunity open to any student of the University or affiliated colleges, for a delightful holiday, combined with good-fellowship with the men from Queens and Toronto, and profitable hours of discussion and instruction.

The number who can be accommodated is not above fifty from McGill, but we want the full complement.

Register early, at the Hall, or with J. L. Bieker, Sec. '23.

## ELECTIONS IN FACULTY OF LAW

Much Interest Evincing In Choosing New Officers For 1920-21.

Elections for the various offices of the Law Undergraduate Society will take place on March 30th. The old faculty spirit which has been very much to the fore this year is being evinced, and campaigning for the various candidates is going on merrily. To date the following nominations have been received:

For President—  
Gerald Anglin.  
J. O. Gallery.  
Francis McGillis.  
John Perron.  
L. Hibbard.  
For Vice-President—  
Frank D. Genest.  
F. Vanier.  
For Treasurer—  
Murray Hayes.  
For Secretary—  
C. P. Nolan.  
R. W. Hannley.

## SEMI-ANNUAL MEETING OF STUDENTS' SOC.

Continued from page one should not be binding on the Junior and Senior years.

The question was raised: what the Committee on Morals and Discipline has accomplished. Nicholson replied to this. He stated that the committee had been appointed to this question, but they had vetoed it.

A motion—"that printed lectures be distributed to advise men of their standing in attendance"—was discarded.

MacPhail brought before the Council the question of Col. Elder's resignation. The speaker wished heartily that whatever should be done, Elder should be retained. Hutchison supported Dr. Oertel. Professor Oertel did two men's work during the war and saved the day in Pathology during those strenuous years. There was too much misunderstanding, Hutchison claimed. Dr. Oertel was unanimously appointed as head of the Department of Anatomy by the Faculty and the Governors. MacPhail suggested that a clearer statement of fact with regard to the case be made to the Montreal press by the Secretary of the University. The Chairman assured him that this would be attended to.

F. O. Peterson moved that the meetings of the Council be published periodically in the "Daily" in order to keep the men in touch with the Council's affairs and in order to retain interest. The motion was carried.

Montgomery hoped that Col. Elder would not allow his resignation from the Board to decrease his interest in McGill sports. Elder had always gone to Toronto and in every possible manner, backed every team.

Norman Williamson moved that a letter be sent to Sir Auckland Geddes expressing regret at his not being able to come to McGill, and congratulating him on his appointment to the U.S. Ambassadorship. The motion was carried.

The topic of the University Press was much discussed. It was impossible to establish a press with present state of housing; more facilities were needed. It was claimed.

The question of the Editorial Policy of the "McGill Daily" then took up a great deal of time and discussion. The "Daily," as the organ of the Students' Council, was to be continued by it. The Editorials were divided into two classes: (a) non-controversial, and (b) controversial—relating to faculties and governors. The following decision was made: (a) was to be left to the discretion and sentiment of the editor, and (b) was to be endorsed or read over by the Council.

Leard, the new President of the Council, moved a vote of thanks to W. C. Nicholson for his efforts in the cause of the Council, his policy and diplomacy; and to J. Lalanne, the Secretary, knowing as the latter did, every aspect of college affairs and activities.

1st. Purchase from Advertisers; and, 2nd. Mention The McGill Daily when purchasing from those who are using advertising space.

A plea for more electioneering in order to stimulate interest in Council elections was moved. This could be done, it was urged, by pictures in the "Daily" and by public verbal expression of views. The motion, moved by H. C. Bussiere and seconded by Nolan, was carried.

Chairman Nicholson made a few remarks about the new President—Leard. The latter, he stated, was wonderfully qualified as a speaker and organizer. He was a hard worker, and had especially distinguished himself by his work for returned men. Leard, in taking the chair, intimated that he was very optimistic about McGill, and certainly about the present state of conditions. He asserted the Council of his best efforts as its head.

A discussion took place of the Athletic Association meeting. A comment was made on the past year, especially the attendance. The support was better than ever. Two new clubs were formed: The "Gymnasium Club" and the "Ski Club." Both were in the prime of condition. The importance of sticking hard to the rule of medical examination was greatly emphasized.

The Elections of the Football Club were as follows:—  
Hon. Pres.—Mr. MacDonald.  
Vice-Pres.—R. B. Anderson.  
Sec.—Treas.—G. Notman.  
Faculties — Med. B. Kepping; Sci. Ambridge; Arts, Rutherford; Law, G. Nicholson.

An amendment was passed whereby Freshmen, winning the block "M," would not receive said block before the completion of their second year.

Hockey Elections:—  
Hon. Pres.—McLaughlin.  
Vice-Pres.—Dineen.

Track Club Elections:—  
Hon. Pres.—Billy Nicholson.  
Hon. Sec.—Treas.—M. Sutherland.  
Vice-Pres.—King.  
Sec.—Treas.—Hay.  
Kennedy raised the question of competitive athletics during holidays. The momentous question of a Tennis Club was raised by Nolan.  
New President Rutherford of the Ski Club made an appeal for greater financial support to his club. It was carried.  
Cricket was the final topic of discussion.

## What Unitarians Believe

*In the love of truth and in the spirit of Jesus Christ, we join for the worship of God and the service of man.*

We believe in one God, the Father eternal, whose righteousness, wisdom, and love rule the worlds.

We believe in the holy spirit of cheerfulness, charity, and peace, which we would win and maintain.

We believe in truthfulness, honesty of conduct, integrity of character, wise and generous giving, purity of thought and life.

We believe that we owe our lives to the service of our kindred, our neighbors, the state, and mankind.

We believe that obedience to duty is the way of life, and no one can do wrong and not suffer harm.

We believe that no real harm can befall the righteous in life or death.

We believe in the imitation of Jesus Christ, and all God's heroes, teachers, martyrs, saints, and benefactors.

We hold to the brotherhood of those who love and serve man, and we hope for the Life Everlasting.

## "CHUNKS" OF TIME

It was an old Connecticut divine who philosophically remarked that a wise Providence, instead of handing us time out in "chunks" had ordered that it be dealt out to us a second at a time that we might be able to use it wisely.

For \$18.00 you can buy a Birks Watch in a gold-filled case that will deal out the time regularly, faithfully, year in and year out—not in "chunks," but just a tick at a time.

With such a gift it will be up to you to use it to the best advantage—use your time properly and you will grow wise—use a Watch carefully and it will serve you well.

This one will have extra good value in it—a 15 jewelled movement, Breguet hairspring and a compensating balance and—

"Guaranteed, of course."

## ORCHESTRAL MUSIC WAS WELL GIVEN

Continued from page one

these two difficult pieces were given with due feeling and emphasis.

The soloists are too well known about college to need an introduction; all three have studied in the shadow of the University and have given ample proof of their musical gifts. The purity of voice and artistic delivery of Miss Bennett were given full scope in the admirably selected songs which she contributed. It is interesting to note that the second of these, "Sundown," was composed by her accompanist, Mr. Harold Keys, one time organist of one of the largest churches in Montreal.

In his selection of the "La Folie" variations of Corelli, Mr. Presner gave fresh evidence of his fine musical sense, and his interpretative and executive abilities proved more than equal to the task. Aracangelo Corelli, although acclaimed by Sir Herbert Parry as the first of modern violin composers, is yet not sufficiently modern to be heard on every gramophone, and both Mr. Presner and his audience are to be congratulated on the appreciative way in which the one delivered, and the other received, this virile example of Renaissance art.

Mr. Lamontagne, who before the war contributed so much to the success of the Orchestra concerts, played Popper's Mazurka for the cello in a way which awoke pleasant memories in the hearts of many in the hall, and this old favourite was enthusiastically encored.

The success of the concert proves

conclusively that the Orchestra has "come back"; and, although this term's activities are ended, it has "come to stay." Since the commencement of practices, the capabilities of the orchestra, under the wise guidance of Mr. Gagnier, have developed so quickly, that ambitions which a few months ago appeared to be the wildest dreams are now well within our realization. Last Sunday's concert was good; but we can do better even than that. A little hard work will reinstate the Orchestra in its rightful place.

## Correspondence

The Daily is not responsible for the sentiments of letters published in the correspondence columns. Signed communications from graduates, undergraduates and members of the faculties will be placed in print if they are not of too great length.

Correspondents are requested to observe the unwritten law of the newspaper office—that they write upon ONE side of the paper ONLY.

No communication will be admitted in this column without the name of the writer being attached, not necessarily for PUBLICATION.

To the Editor, McGill "Daily."

Dear Sir:—

As retiring President of the McGill "Daily" I feel that in this final issue for the year it is permissible for me to remark upon its editorial policy. Yesterday at the semi-annual meeting of the Students' Society reference was made to this very question. President Nicholson pointed out that the management and control of the "Daily" was entirely in the hands of the Executive Council and that that body had decided to divide the editorial matter into two groups so that editorials of a radical or controversial nature should come before them for sanction. This plan was discussed but a decision was never reached, and at the present time the question is still an open one.

Our readers are reminded at the top of the editorial column that the "Daily" is the official organ of the Students' Society and it is governed by their executive. Strange as it may seem the editorial policy is at the present time rarely dictated by that body, but in the vast majority of cases, is left to the Managing board of the "Daily" to presuppose and formulate this policy for them. Obviously the two will not always coincide and both the "Daily" management and the Council are placed in a rather embarrassing position. In fact rarely do the executive concern themselves with a discussion of those matters which they have seen fit to term radical or controversial. This is not a criticism but merely a statement of fact so that what I am about to say will be evident.

I am convinced that under existing conditions the Executive Council of the Students' Society must and should control the editorial policy of the "Daily." So long as the paper is the official organ of the students its editorial policy must be an expression of what the majority think and this can only result after it has been formally discussed at a meeting of their representatives. The plan which President Nicholson outlined yesterday is not from the "Daily's" point of view entirely practicable. Why should the Managing board formulate the policy and afterwards submit it to those who really manage the paper? It is for the ten student representatives to discuss and determine what its policy is to be on the various questions, and the President of the "Daily" who is a member of that ten as well as Chairman of the Managing Board of the "Daily" to see that the decisions arrived at find outlet through the editorial columns of the paper. I feel that the Council will consider this suggestion in the same courteous manner that they have treated all matters this year and it adopted it can not but be for the betterment of the McGill "Daily."

While it is somewhat apart from the subject which forms the main part of this letter yet I must mention the staff with which I have had the honor of working. Their work during the year has been very gratifying indeed and any success which may have been attained is largely due to their individual and combined effort. Invaluable assistance has also been rendered by H. R. Morgan, B.A., the Alumni Editor, whose work in connection with the Weekly Edition could not be duplicated. It would therefore be useless for me to single out any one man as worthy of special mention. With J. N. Petersen as President and R. J. Clark as editor-in-chief, success during the session 1920/21 is assured.  
I am, yours etc.,  
E. S. MILLS,  
President of McGill "Daily."

who are interested are urgently asked to attend.

## PAUL SCOTT '22 WINNER OF WICKSTEED BRONZE MEDAL

Scored 509 Points — G. A. Holland, Commerce '22 Won Dr. Harvey's Cup With Total Of 485.5 Points

The historic Wicksteed Competition, were: P. S. Scott, Science '22, and G. A. Holland, Commerce '22. Dr. F. W. Harvey, the University Medical Officer, very kindly donated a cup for a special competition among the first year students. This competition brought forth the keenest competition. G. A. Holland, Commerce '21, won from J. R. Delahay, Medicine '24, by one point. Holland scoring 485.5 points and Delahay 484.5 points in the nine phases of the competition that were required. Delahay's remarkable performance on the apparatus was only overshadowed by Holland in his coming within 2-5 of a second of the possible in the 220 yard Potato Race. Holland's work was consistent throughout, and this, plus the advantage he gained over Delahay in the Potato Race and the 50 Yard Swim, enabled him to nose out a winner by one point. H. G. Ross, Medicine '24, was a very close third with 479.3 points. C. D. Rorke, Science '23, made a very creditable showing with 445.1 points.

As in former years the competition included work on the Apparatus. Parallel Bars, High and Low Bar, Athletic Events, Gymnastic Drill and Dance and Swimming. The standard of work that was done this year was without doubt the best that has been seen in this competition for a great many years. The outstanding work of Paul Scott was a revelation to the onlookers.

A particularly high standard was held throughout the Apparatus work, especially the voluntary movements which, although extremely difficult and complicated, were performed with great ease and grace. W. H. Hastings, in his vault of six feet, has set a record that will be hard for future competitors to beat.

The judges for the competition were Dr. F. W. Harvey, Dr. J. J. Ross, Dr. A. S. Lamb.

The full results of the competition, together with the points scored by each competitor, is as follows:—

## CLASS SCHEDULE FOR BASKET BALL

An inter-class Basketball schedule will be run off starting Thursday, March 18th. The prospects for its playing are exceedingly bright.

The schedule was drawn up yesterday at one o'clock in the Union. "Dad" Lamb occupied the chair and directed the proceedings. Representatives from the various teams were on hand.

Two gymnasiums will be used—The Montreal High School Gymn. and the Central "Y." The High School gym. will be used on Mondays, Wednesdays and Fridays at six o'clock, and the Central "Y" on Tuesdays, Thursdays and Saturdays.

Several rules were drawn up which will have to be adhered to. All basketball representatives will have a list of these handed to them so there can be no misunderstandings.

Following is the schedule:
